Safety and Awareness For Kids by Kids

Electric Space Heaters

- 1.** Buy only heaters evaluated by a nationally recognized laboratory, such as Underwriters Laboratories (UL).
- 2.** Check to make sure it has a thermostat control mechanism, and will switch off automatically if the heater falls over.
- 3.** Heaters are not dryers or tables; don't dry clothes or store objects on top of your heater.
- 4.** Plug space heaters directly into wall outlets and never into an extension cord or power strip
- 6.** Always unplug your electric space heater when not in use.
